A BETTER PACKAGING PROCESS

Designed for the product. Built for the brand.

Custom paper packaging for beauty, wellness, retail, gifting and e-commerce. Every project is specified around your product, artwork, target cost and delivery plan.

01 Folding Cartons

Retail-ready structures, windows, inserts and premium print finishes.

02 Rigid Gift Boxes

Magnetic, drawer, lid-and-base and collapsible presentation formats.

03 Mailers and Shipping

Corrugated protection designed for brand-led unboxing.

04 Inserts and Details

Paperboard, EVA, flocked EVA, molded pulp and custom compartments.

CUSTOMIZE EVERY DETAIL

One structure. Hundreds
of ways to make it yours.

MATERIALS AND FINISHING

Build the packaging around your product.

Choose the structure first, then tune the tactile and visual details to your brand, budget and distribution channel.

MATERIALS

● **Folding paperboard**

Ivory board, kraft and specialty paper options.

● **Rigid board**

Wrapped board for magnetic, drawer and lid-and-base boxes.

● **Corrugated**

Micro-flute and protective corrugated structures.

FINISHES

● **Print**

Exterior logos, full-color interiors and repeat brand patterns.

● **Surface**

Matte, gloss, soft-touch and textured paper.

● **Details**

Foil, emboss, deboss, spot UV and die-cut windows.

INSERTS

● **Paperboard**

Printed, folded and die-cut compartments.

● **Protective**

EVA, flocked EVA and molded pulp options.

● **Presentation**

Custom cavities, ribbons, pull tabs and dividers.

WHAT WE NEED TO QUOTE

A clear brief turns into a better price and a faster sample.

Final material, dimensions, MOQ, lead time and pricing are confirmed per project.

START A PROJECT

From idea to delivery.

A structured process keeps the design, manufacturing specification and commercial terms aligned before production.

01 Brief Share the product, size, quantity, finish and destination.

02 Structure Select an existing format or develop a custom construction.

03 Sample Confirm artwork, materials, color and physical fit.

04 Production Approve the final specification and move into manufacturing.

05 Delivery Coordinate packing, freight and delivery requirements.
