

COSMETIC PACKAGING

SUPPLY CATALOG

Airless bottles | Refillable jars | Sticks | Acrylic & AS packaging

MARTI RIKINA supplies cosmetic packaging solutions for beauty brands, private-label projects and new product launches.

2026 PACKAGING SELECTION

SUPPLY | CUSTOMIZATION | LOGISTICS

ABOUT MARTI RIKINA

MARTI RIKINA can source and supply cosmetic packaging for skincare, haircare, body care and beauty projects. We help brands select the right packaging format, coordinate customization and manage production communication with partner manufacturers.

01 Packaging sourcing

Airless bottles, refillable jars, pumps, sticks and specialty containers.

02 Brand customization

Logo printing, hot stamping, color matching, labels and cartons.

03 Project support

Sample coordination, artwork review, production follow-up and logistics.

We can supply the types of bottles, jars and sticks shown in this catalogue, subject to item availability, MOQ, finish options and current production schedule.

WHAT WE CAN SUPPLY

The following product pages show packaging formats that MARTI RIKINA can help source and supply. Final MOQ, pricing, finish availability and lead time are confirmed by item and order quantity.

Airless bottles

PP, PET, glass and double-wall airless systems for serums, lotions and creams.

Refillable systems

Refillable jars and bottles with service caps and replaceable inner containers.

Jars

Single-wall and double-wall PET, PP, acrylic and AS jars for creams, balms and masks.

Sticks

Deodorant sticks, sun sticks, roll-on sticks, oval sticks and specialty applicators.

Materials & finishes

Mono PP, PET, glass, acrylic, AS, custom colors, frosted effects and metallic details.

Brand-ready details

Logo placement, printing, labels, outer boxes, UPC areas and production-ready

HOW TO ORDER

A simple supply workflow from item selection to branded production and shipment.

1

Select packaging

Choose item number, capacity, material, color direction and finish.

2

Request a quote

We confirm MOQ, estimated price, sample availability and production timing.

3

Approve samples & artwork

Finalize logo placement, print method, labels, cartons and packaging details.

4

Production & QC

Production follow-up, order communication and quality review before shipment.

5

Shipping

Air, sea or express logistics options can be coordinated for your order.

Send the item number and desired quantity to request current pricing and customization options.
